

Title IV, Part A- Student Support and Academic Enrichment Activities to Support Well-Rounded Educational Opportunities ESSA Section 4107

1. College and Career Guidance and Counseling programs, such as:
 - Postsecondary education and career awareness and exploration activities.
 - Training counselors to effectively use labor market information in assisting students with postsecondary education and career planning.
 - Financial literacy and federal financial aid awareness activities.
2. Programs and activities that use music and the arts as tools to support student success through the promotion of constructive student engagement, problem solving and conflict resolution.
3. Programming and activities to improve instruction and student engagement in science, technology, engineering, and mathematics (including computer science), such as:
 - Increasing access to high quality courses for students through grade 12 who are members of groups underrepresented in such subjects' fields (such as female students, minority students, English learners, children with disabilities, and economically disadvantaged students) to high-quality courses.
 - Supporting the participation of low-income students in nonprofit competitions related to STEM subjects (such as robotics, science research, invention, mathematics, computer science, and technology competitions).
 - Providing hands-on learning and exposure to science, technology, engineering, and mathematics and supporting the use of field-based or service learning to enhance the students' understanding of STEM subjects.
 - Supporting the creation and enhancement of STEM focused specialty schools.
 - Facilitation collaboration among schools, after school programs, and informal program personnel to improve the integration of programming and instruction in the identified subjects.
 - Integrating other academic subjects, including the arts, into STEM subject programs to increase participation in STEM subjects, improve attainment of skills related to STEM subjects, and promote well-rounded education.

4. Efforts to raise student academic achievement through accelerated learning programs, such as:
 - Reimbursing low-income students to cover part or all the costs of accelerated learning examination fees if the low-income students are enrolled in accelerated learning courses and plan to take accelerated learning examinations.
 - Increasing the availability of and the enrollment in accelerated learning courses, accelerated learning examinations, dual or concurrent enrollment programs, and early college high school courses.
5. Activities to promote the development, implementation and strengthening of programs to teach traditional American history, civics, economics, geography, or government education.
6. Foreign language instruction.
7. Environmental Education.
8. Programs and activities that promote volunteerism and community involvement.
9. Programs and activities that support educational programs that integrate multiple disciplines, such as programs that combine arts and mathematics.
10. Other activities and programs to support student access to, and success in, a variety of well-rounded education experiences.
