■ ■ ■ INTRODUCTION

Chronic absenteeism is defined as missing 10% or more (18 days) of a school year for any reason. Chronic absenteeism differs from Average Daily Attendance (ADA), which is the average number of enrolled students who attend school each day. A school's ADA often masks issues surrounding the number of students who are chronically absent. A school can potentially have an ADA of 95% or higher while having a chronic absenteeism rate greater than 10%.

Mississippi's chronic absenteeism rate for 2021-22 is 28%, which is the highest rate since the Mississippi Department of Education (MDE) started reporting the rates in 2016. During the 2021-22 school year, 128,275 students were chronically absent, which is an increase of 33,186 students from 2020-21. The rates increased steadily for all K-12 grades in 2021-22. The chronic absenteeism rate in K-5 elementary schools was highest for kindergarten at 28.4%. The chronic absenteeism rate in middle school was highest in grade 8 at 29.6% and highest in high school in grade 12 at 45.3%.

The MDE will relaunch a statewide attendance awareness campaign in June 2023 to encourage regular school attendance. The attendance campaign was first launched in September 2018 to challenge students and school districts to strive to reduce individual absences to no more than five absences over the course of the entire school year. Mississippi's campaign is part of a national movement to reduce chronic absenteeism.

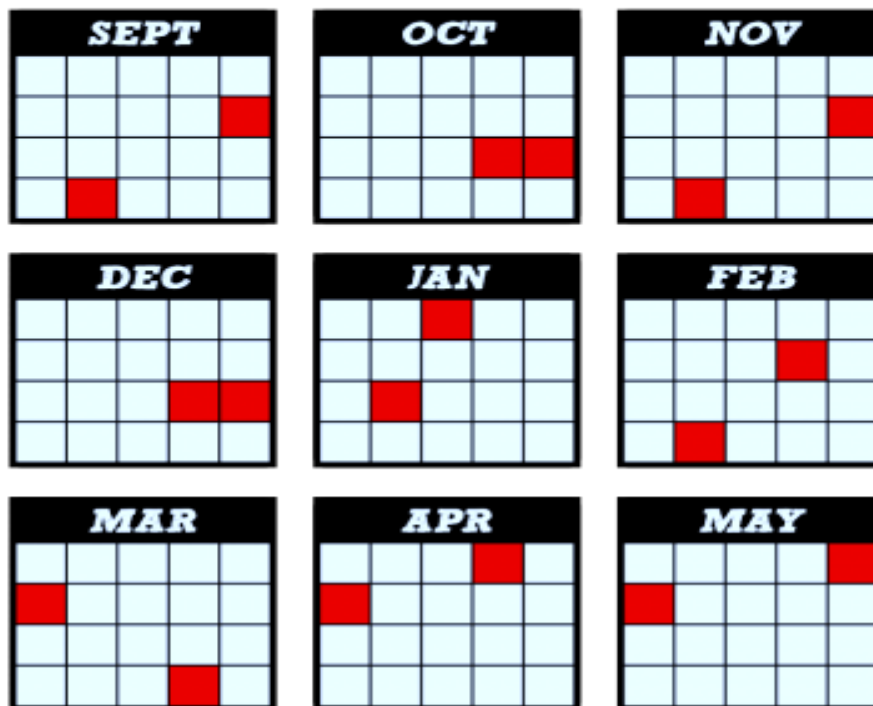

Here are a few actions districts and schools can take to address chronic absenteeism:

- Review [statewide policies for virtual learning](#) to be sure district policies align with state requirements.
- Work with your school and districts data clerks to ensure accurate attendance data are entered.
- Encourage teachers and staff to make personal contact with families when students are absent. We know the power of personal relationships and how they foster a sense of belonging.
- Work with School Attendance Officers to identify and engage students who are at risk of becoming chronically absent.
- Review your health and safety protocols for minimizing the spread of infectious illnesses.
- Take advantage of resources to promote regular student attendance:
 - [Home - Attendance Awareness Campaign 2022 \(attendanceworks.org\)](#)
 - [Handouts for Families - Attendance Works](#)
 - [10 Facts About School Attendance - Attendance Works](#)

DEFINING CHRONIC ABSENTEEISM

Chronic absenteeism is typically defined as missing 10% or more of a school year, approximately 18 days a year or at least two days every month.

**2 Absences Per Month
x 9 Months of School
= Less Likely to Graduate
from High School**

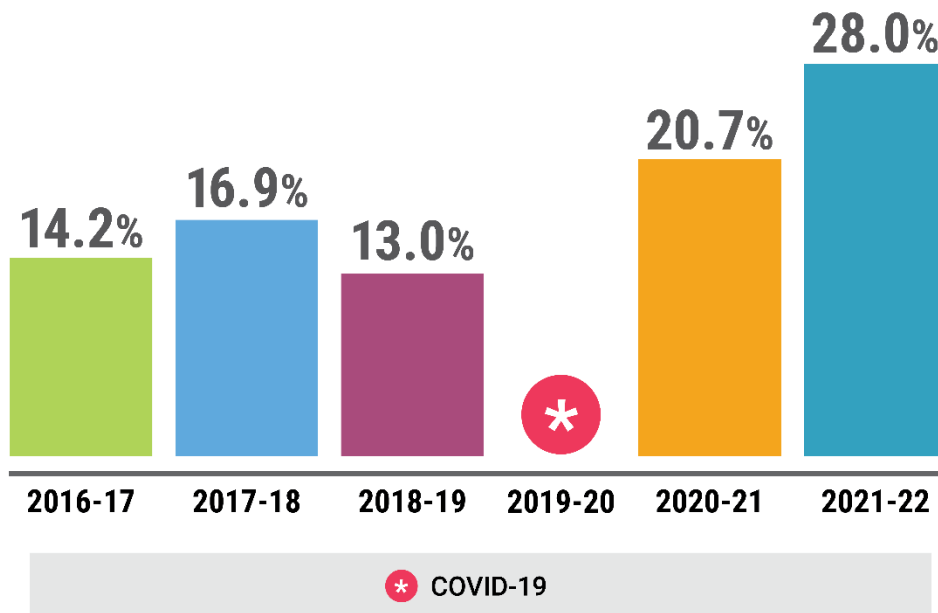

CALCULATIONS OF CHRONIC ABSENTEEISM for Federal Submission

Students enrolled in more than one school are included in the report. Any student enrolled in a school for at least 10 days must be included in the calculation. Chronic absenteeism includes any student absent 10% or more of the time that he/she was enrolled in any school. Any student who misses 50% or more of a school day is considered absent.

The State's Chronic Absenteeism Rates

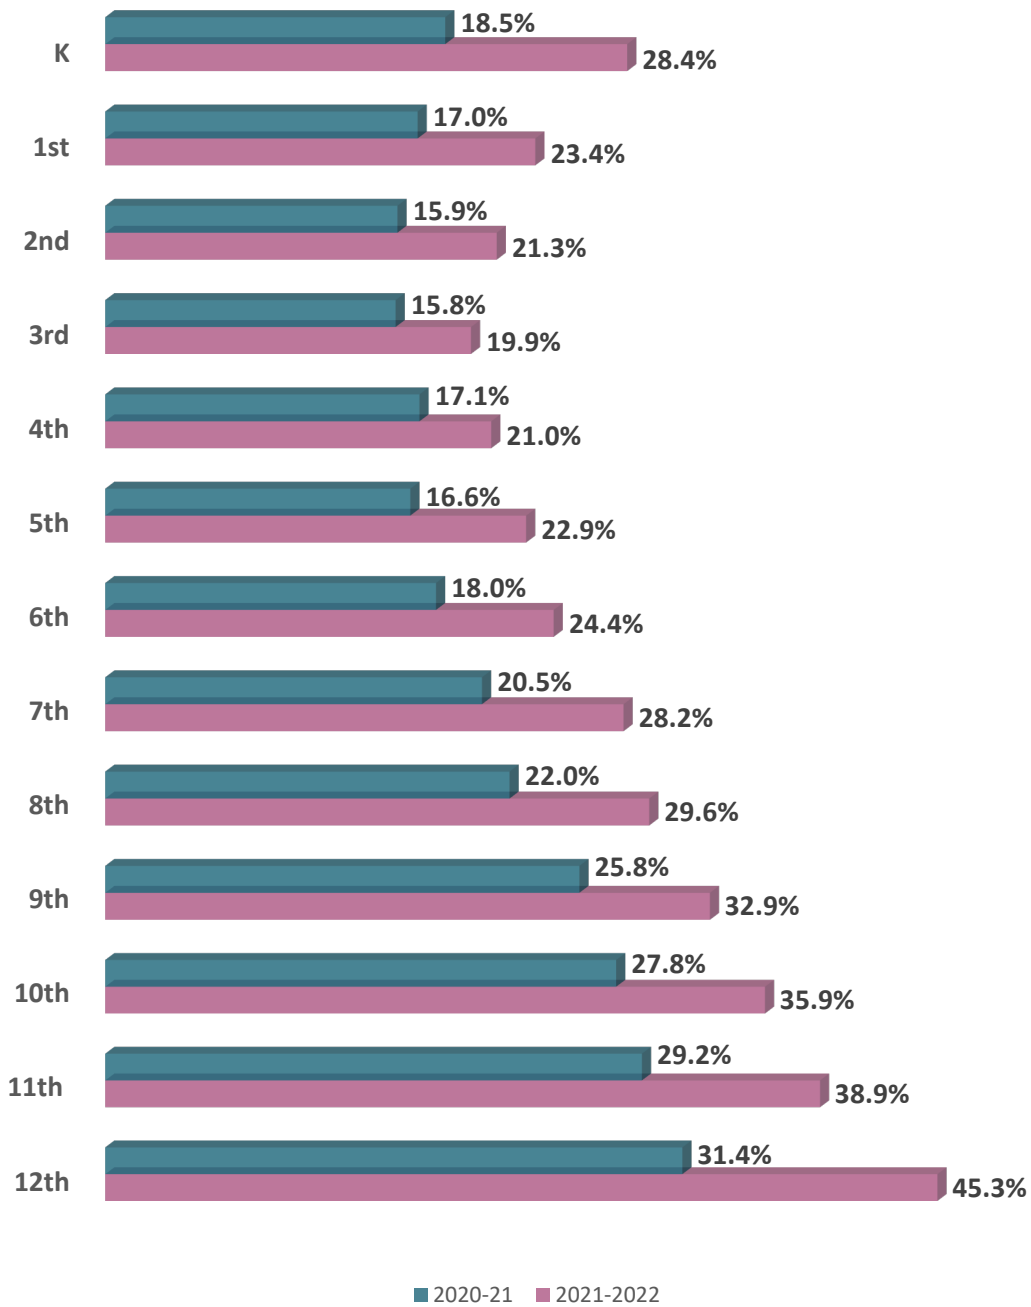

The figure below represents the state's chronic absenteeism rates for school years 2016-17 to 2021-22. The current rate of 28.0% is the highest rate recorded since the Mississippi Department of Education (MDE) began calculating and reporting chronic absenteeism rates.

STATE CHRONIC ABSENTEEISM RATES

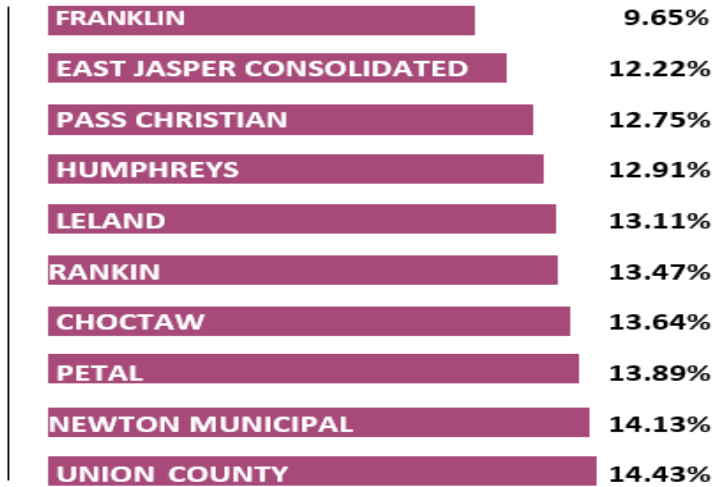

CHRONIC ABSENTEEISM RATES ■ BY GRADE

In the figure below, the data displays an increase from the school years of 2020-21 to 2021-22 in the absenteeism rates of each grade (K-12th).
