

OFFICE OF CHIEF ACCOUNTABILITY OFFICER
Summary of State Board of Education Agenda Items
November 8, 2018

OFFICE OF STUDENT ASSESSMENT

09. Information: Fall 2018 Kindergarten Readiness Assessment results [Goals 1 and 2 – MBE Strategic Plan]

Background Information: The State Board of Education approved the Mississippi K-3 Assessment Support System (MKAS2) on January 17, 2014. One of the components of the system is a statewide Kindergarten Readiness Assessment as required in Miss. Code Ann. § 37-21-11. The approved Kindergarten Readiness Assessment is designed to measure the readiness skills of students entering kindergarten and pre-kindergarten students exiting state and federally funded programs. This report includes a 3-year comparison for students enrolled in three (3) programs:

- Early Learning Collaboratives
- Other Funded Public Pre-kindergarten (Title I, self-contained special education, and other school district pre-kindergarten programs)
- Public Kindergarten

This assessment identifies each student's individual needs while enabling teachers to make informed instructional decisions. The assessment data collected will be used to expand professional development for teachers, improve the quality of classroom instruction and determine interventions and services that students need to be successful.

This item references Goals 1 and 2 of the *Mississippi Board of Education 2016-2020 Strategic Plan*.

Scale Score Explanation and Pre-Kindergarten Readiness Performance Levels

The Kindergarten Readiness Assessment will provide parents, teachers, and early childhood providers with a common understanding of what children know and are able to do upon entering school. The primary purpose of the Kindergarten Readiness Assessment is to improve the quality of classroom instruction for students based on each student's individual strengths and weaknesses.

498 Cut Score Explanation (Public Pre-K)

To ensure providers are preparing students for Kindergarten, the Early Learning Collaborative Act of 2013 required the Mississippi Department of Education to adopt a minimum rate of readiness that each pre-kindergarten provider participating in a Collaborative must meet to remain eligible for funding. Mississippi committee members reviewed the Reading Proficiency Indicators and determined that a scaled score of 498 (within the Early Emergent Reader classification) should be the literacy readiness score recommended for students at the end of pre-kindergarten. Students with a score of 498 at the end of pre-kindergarten have mastered 70% of early literacy skills. These students are on track to earn a 530 at the beginning of kindergarten and to meet end of Grade 3 reading expectations.

It is important to recognize that children do not progress at the same rate and each stage of development is affected by the preceding types of development. Social and emotional development, interaction between parents and caretakers, environmental elements and learning exposure contribute to continued growth after a child exits the pre-K program, therefore it is expected that students will continue to grow over the summer.

In order to achieve mastery of the Mississippi College- and Career-Readiness Standards, students are expected to score a 530 or above at the beginning of kindergarten. Students with a 530 or above are typically ready to learn the early literacy skills expected of kindergarteners. Based on extensive research, 85% of students scoring 530 or higher at the beginning of kindergarten are proficient in reading at the end of Grade 3. Students with a score below 530 usually need additional help. For more information on reading proficiency indicators based on Renaissance assessments, please visit

<https://resources.renlearnrp.com/us/learningprogressions/g3readingindcpr.pdf>.

Note: It is important to use multiple data points, rather than a single score, to determine if a student is ready for kindergarten. There are many important skills that indicate a student's readiness for kindergarten, in addition to literacy skills, such as social and emotional development, physical development and health, language development, and creative arts expression.

STAR Early Literacy Achievement Standards		
Performance Level	Scale Score Range	Descriptors
Early Emergent Reader	300-487	Student is beginning to understand that printed text has meaning. The student is learning that reading involves printed words and sentences, and that print flows from left to right and from the top to the bottom of the page. The student is also beginning to identify colors, shapes, numbers, and letters.
Late Emergent Reader	488-674	Student can identify most of the letters of the alphabet and can match most of the letters to their sounds. The student is also beginning to “read” picture books and familiar words around the home. Through repeated reading of favorite books with an adult, students at this stage are building their vocabularies, listening skills, and understandings of print.
Transitional Reader	675-774	Student has mastered alphabet skills and letter-sound relationships. The student can identify many beginning and ending consonant sounds and long and short vowel sounds, and is probably able to blend sounds and word parts to read simple words. The student is also likely using a variety of strategies to figure out words, such as pictures, story patterns, and phonics.
Probable Reader	775-900	Student is becoming proficient at recognizing many words, both in and out of context. The student spends less time identifying and sounding out words, and more time understanding what was read. Probable readers can blend sounds and word parts to read words and sentences more quickly, smoothly, and independently than students in the other stages of development.

The following data reflect scores from the 14 Early Learning Collaboratives, as well as scores from other four-year-old classrooms, including Title I, self-contained special education, and other school district Pre-K programs.

Pre-Kindergarten Assessment Results for Early Learning Collaboratives

November 2018

Table 1. Early Learning Collaborative Kindergarten Readiness Assessment Results

Aggregate Scale Score Analysis	Fall 2016		Fall 2017		Fall 2018	
End of Year K-Readiness Benchmark Score						
State Scale Score (Average)	428		427		430	
Students Scoring Below 498*	1,154	81.73%	1,646	83.68%	1,712	82.19%
Students Scoring At or Above 498	258	18.27%	321	16.32%	371	17.81%
Total Test-Takers	1,412		1,967		2,083	

* A scale score 498 is the end-of-year benchmark score for four year-olds.

Scale Score Explanation and Kindergarten Readiness Performance Levels

The Kindergarten Readiness Assessment will provide parents, teachers, and early childhood providers with a common understanding of what children know and are able to do upon entering school. The primary purpose of the Kindergarten Readiness Assessment is to improve the quality of classroom instruction and other services provided to students from birth to 3rd Grade. *STAR Early Literacy* developed by Renaissance Learning, Inc. is the assessment administered to provide educators with this information.

530 Cut Score Explanation

Seventy percent mastery of knowledge and skills in early literacy and numeracy at the beginning of kindergarten was selected as the level of mastery for the kindergarten readiness benchmark. Data shows it provides both a measurable distinction between Pre-K and kindergarten skills on *STAR Early Literacy* and a strong prediction of proficiency as measured by *STAR Reading* in Grade 3. The minimum beginning-of-year kindergarten scale score associated with 70% mastery is 530. This score was identified to be the beginning-of-year kindergarten readiness benchmark (Renaissance Learning 2014). Based on extensive research, 85% of students scoring 530 or higher at the beginning of kindergarten are proficient in reading at the end of Grade 3. A spring scale score of 681 places students on a trajectory to meet end of Grade 3 reading expectations. For more information on reading proficiency indicators based on Renaissance assessments, please visit <https://resources.renlearnrp.com/us/learningprogressions/g3readingindcpr.pdf>.

STAR Early Literacy Achievement Standards		
Performance Level	Scale Score Range	Descriptors
Early Emergent Reader	300-487	Student is beginning to understand that printed text has meaning. The student is learning that reading involves printed words and sentences, and that print flows from left to right and from the top to the bottom of the page. The student is also beginning to identify colors, shapes, numbers, and letters.
Late Emergent Reader	488-674	Student can identify most of the letters of the alphabet and can match most of the letters to their sounds. The student is also beginning to “read” picture books and familiar words around the home. Through repeated reading of favorite books with an adult, students at this stage are building their vocabularies, listening skills, and understandings of print.
Transitional Reader	675-774	Student has mastered alphabet skills and letter-sound relationships. The student can identify many beginning and ending consonant sounds and long and short vowel sounds, and is probably able to blend sounds and word parts to read simple words. The student is also likely using a variety of strategies to figure out words, such as pictures, story patterns, and phonics.

Probable Reader	775-900	Student is becoming proficient at recognizing many words, both in and out of context. The student spends less time identifying and sounding out words, and more time understanding what was read. Probable readers can blend sounds and word parts to read words and sentences more quickly, smoothly, and independently than students in the other stages of development.
-----------------	---------	--

Kindergarten Readiness: Summary Results

Table 1. Kindergarten Readiness Assessment Results

Aggregate Scale Score Analysis	Fall 2016	Fall 2017	Fall 2018
K-Readiness Benchmark Score	530	530	530
State Scale Score (Average)	502	503	501
Students Scoring At or Above 530	36.39%	36.91%	36.13%
Students Scoring Below 530	63.61%	63.09%	63.87%
<i>Total Test-Takers</i>	100%	100%	100%

Table 4. School Level Results

Classification Level	Number of Schools (Fall 2016)	Number of Schools (Fall 2017)	Number of Schools (Fall 2018)
Early Emergent Reader	142	133	146
Late Emergent Reader (Below 530)	214	212	198
Late Emergent Reader (At or Above 530)	56	72	59
Transitional Reader	0	0	0
Probable Reader	0	0	0
<i>Total Schools</i>	416 ^Δ	417 ^Δ	403 ^Δ

^ΔSchool Total reflects suppressed data for Dubard School for Language Disorders, Akin Elementary, Harrison County Child Development Center, Trigg Elementary, and Threadgill Elementary, as the minimum n-count was not met in these schools.

NOTE: District and School Level Results do not include School 500 (Non-Public Special Education School). Students enrolled as School 500 are provided special education services by the district (Head Start, Private School, Home School, etc.) but are not enrolled in a regular public school.
