

Child and Adult Care Food Program

Would your center like to learn more about supplemental nutrition assistance for meals?

If so, submit the following documentation to awagner@mdek12.org

- Interested child care centers should submit a letter of interest on the center's letterhead.
- Submit a copy of the center's **CURRENT PERMANENT** child care facility **license** from the Mississippi State Department of Health (MSDH).
- Submit a copy of the center's **CURRENT food service certificate**, from the Mississippi Department of Health (MSDH).

Upon receipt and review of the documentation, our office will forward the center's contact information to our Division of Training and Program Outreach to schedule attendance at the next available training session.

Thank you for your interest in the CACFP, we look forward to discussing the benefits of the program with you!
