The class is preparing to conduct a science experiment involving chemicals. The teacher will stress the importance of following the safety rules. She wants to make sure there are no accidents.

apply force to

worry about

emphasize

The teacher did not want anyone to get hurt in any way. She did not want even a minor accident to happen.

not serious

young person

It was brighter than usual when I woke up this morning. Oh no, I didn't wake up when my alarm clock rang! I had missed the bus! I had a test that day and needed to get to school quickly. I called out for my mom, but there was no answer. I forgot that she had an early meeting at work. Dad was out of town on business. What was I going to do? Then I remembered that my aunt was visiting for the week. She was able to give me a ride to school.

My aunt gets up early every morning.

**I wish my mom didn't have
an early meeting.**

**I never want to have a
morning like that again.**
