

# EDUCATORS RISING

---

MISSISSIPPI

## CREED

I am an aspiring educator on my honor.

I accept the privilege of teaching every student.

Because I believe every student can learn.

I accept the joy to create a comfortable environment conducive to maximum academic, social, and emotional achievement.

I will actively pursue excellence for all students and myself by continuing to be a life-long teacher.

I am a future educator. I impact the world one student at a time.
