DYSLEXIA SCREENER

Dyslexia Screener Information

- The cost per school is \$35.00 and unlimited duplication of materials is allowed.
- No special qualifications needed to administer the screener.
- The screener comes with a CD modeling administration of the screener.
- Requires a face to face teacher/student evaluation.
- Students are given a copy of the printed materials needed. Teachers record the individual scores from each component on the summary sheet.
- Students' scores are calculated for each component and recorded to receive an individual pass/fail score. Scores are transferred to a summary sheet and guidance is given on how to determine the overall pass/fail score.

Components	Assessment Criteria
ENCODING	<ol style="list-style-type: none"> 1. The student is provided with a piece of paper and a pencil. 2. The teacher says the spelling word to the student, the student repeats the word, and writes the word on the paper. 3. The teacher may repeat the word one additional time. 4. The paper is attached to the screener packet for scoring.
