**Calculation:** The percentage of students with IEPs who graduated with a traditional high school diploma or a State defined alternate diploma is calculated by using the number of students with IEPs (ages 14-21) who exited with a regular high school diploma and the number of students that exited with a State defined alternate diploma in the numerator and the number of all students with IEPs who exited high school (ages 14-21) in the denominator. The numerator includes the following exiting categories: (a) C1 – graduated with regular, advanced, international Baccalaureate, or other type of diploma. The denominator, includes the following exiting categories: (a) C1- graduated with regular, advanced, international Baccalaureate, or other type of diploma; (b) C2 - completed school with other credentials; (c) D2 – discontinued schooling; and (d) D11 – reached maximum age of services
