

**School Improvement Interventions
and Strategies
by District/School**

2020-2021

The Every Student Succeeds Act (ESSA) requires that districts/schools spend 1003 School Improvement federal funds in support of evidence-based interventions, strategies, and activities to positively affect student outcomes. The interventions, strategies or practices funded by 1003 funds must meet the ESSA defined levels of evidence of **strong**, **moderate**, or **promising**. For more information on the evidence levels, please click [here](#).

In accordance with USDE reporting requirements, the Mississippi Department of Education has published a listing of evidence-based interventions that have been selected to be funded and implemented in schools with the following identifications:

Comprehensive Support and Improvement (**CSI**), Targeted Support and Improvement (**TSI**), or Additional Targeted Support and Improvement (**ATSI**)

The table below provides a list of the categories for the strategies districts/schools select when identifying strategies within the school improvement application found in the [Mississippi Comprehensive Application System \(MCAPS\)](#).

1003 School Improvement Evidence-Based Intervention Strategy Categories
Early Childhood (Pre-K) Programs (ECP) - Interventions, strategies, or practices that are intended to support the implementation of early childhood learning practices or programs.
Evidence-Based Instructional Resources (EBIR) - Interventions, strategies, or practices that are intended for use in its various forms to improve or support instructional practices.
High Quality Instructional Materials (HQIM) ^(Note²) – Interventions, strategies, or practices that are aligned with MDE High Quality Instructional Materials Requirements.
Increased Learning Time (ILT) - Interventions, strategies, or practices that are intended to support an increase in the traditional school day to improve or support instructional practices.
Leadership (L) - Interventions, strategies, or practices that address the development of school leaders.
Ongoing, Job-Embedded, Professional Development (OJEPD) - Interventions, strategies, or practices that are intended to support the use of deep and continuous professional learning to improve or support instructional practices.
Other (O) ^(Note¹) - Interventions, strategies, or practices that are not aligned to the named categories intended to improve or support instructional practices.
Technology Integration (TI) - Interventions, strategies, or practices that are intended to support the use of technology in its various forms to improve or support instructional practices.

NOTE¹: The strategy categorized as “Other” indicates the strategy was not categorized by one of the named strategies in the table below by the district/school. The category “Other” includes, but is not limited to, such strategies as interventionists, acceleration, remediation, Tutor, professional learning, instructional personnel.

NOTE²: The use of the category High-Quality Instructional Materials (HQIM) may not align with the MS Department of Education (MDE) or EdReports process for the selection of High-Quality Instructional Materials.

NOTE: Indirect Costs budgeted by schools are not reflected in this report.
