

Title I Part A, Neglected Allowable Uses

Use of this Document

This document is designed to support LEAs in identifying potential allowable uses of Title I, Part A, Neglected subgrant funds. It is important to note that while this document lists strategies and activities commonly funded, this should not be considered an exhaustive list, nor does it guarantee that an activity listed will be considered allowable for each sub-grantee; allowability is also based on a data-driven assessment of local needs.

Purpose of Title I, Part A (Neglected)

The purpose of Title I, Part A, Neglected Set-Aside is to ensure that all children in neglected facilities have a significant opportunity to receive a fair, equitable, high-quality education, and close educational achievement gaps. This means that students who reside in local neglected facilities (that also attend school within the LEA), **MUST** receive the same services and opportunities as any other Title I student within that LEA.

General Considerations

Programs and activities supported by Title I, Part A, Neglected funds must be:

- Consistent with the purpose of the Title I, Part A, Neglected funding;
- Necessary, addressing identified needs;
- Reasonable, considering breadth of impact and associated costs;
- Used for evidence-based activities;
- Utilized to supplement local and state funds, not supplant them; and
- Coordinated with other available funds and resources to maximize the effectiveness and efficiency of spending
