IEP data should be reported for any active IEP (currently in effect) during the school year.

IEPs may be based on the calendar year or school year. Depending on the effective dates, calendar year IEPs may result in the same IEP data being reported for a student in multiple school years. New IEP data should be submitted once the previous IEP expires.

Students enrolled in School 500 do not "count" in a district's ADA or Accountability measures.

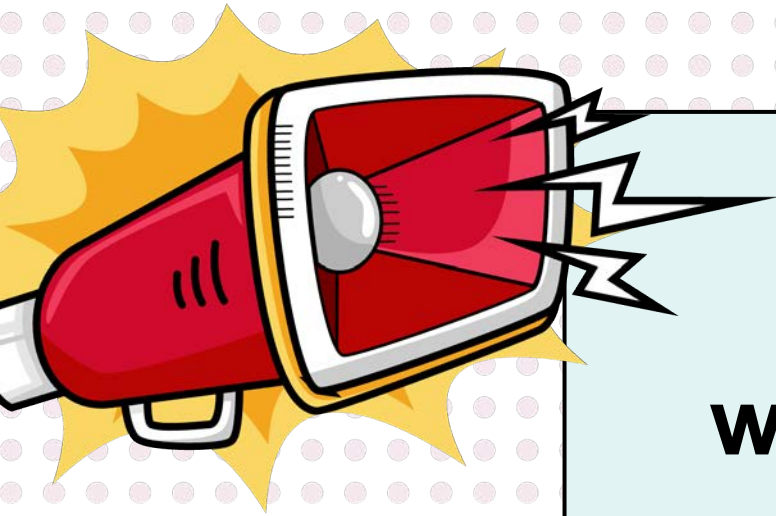

Which students should be entered on the Non-Public student Screen (enrolled in School 500)?

PreK students not enrolled at your schools (Ex: HeadStart, Private PreK, etc.) but are receiving Special Education Services.

OR

Students parentally placed in a Private School and are receiving services through Proportionate Share

**School 500 students
will not “roll” in MSIS from
year to year. They must be
re-entered each school year.**
