OFFICE OF EDUCATOR LICENSURE

10. Action: Approval of a temporary rule and to begin the Administrative Procedures Act process to revise Part 4: *Licensure Guidelines K-12* to include a special, non-renewable educator license [Goals 1, 2, 3, and 4 – MBE Strategic Plan]

Background Information: In a special-called meeting held on June 13, 2016, the Commission on Teacher and Administrator Education, Certification, and Licensure and Development granted approval of the proposed criteria for a special, non-renewable educator license not to exceed a period of three (3) years.

Miss. Code Ann. § 37-3-2(5) outlines the duties of the Commission. Specifically, subsection (c) states that one of the duties is to establish, subject to the approval of the State Board of Education, standards for initial teacher certification and licensure in all fields. Furthermore, sub-section (f) requires the Commission to review all existing requirements for certification and licensure.

Miss. Code Ann. § 37-3-2(6)(d) authorizes the State Board of Education to establish rules and regulations to allow those educators not meeting requirements in subsection (6)(a), (b), or (c) to be licensed for a period of not more than three (3) years except by special approval of the State Board of Education.

The special, non-renewable educator license will allow candidates currently enrolled in or completing a standard or alternate route teacher education program to apply for a license, although the candidate has failed to meet all certification requirements under Miss. Code Ann. § 37-3-2(6)(a), (b), and (c) at the time the application is submitted. The special, non-renewable educator license will also provide local school districts with the option(s) of more qualified candidate(s) as a result of the ongoing teacher shortage in Mississippi. The special, non-renewable educator license will allow the candidate three (3) years to meet all certification requirements for a standard, five (5) year license.

A candidate shall meet the following criteria to be granted a special, non-renewable educator license:

- a) Minimum of a bachelor's degree in the area in which the license is requested;
- b) Documentation verifying the candidate is enrolled in or has completed a standard or alternate route teacher education program on or after January 1, 2014;

- c) Local District Request Packet submitted by the District;
- d) Letter of request and justification from the District;
- e) Completed licensure application;
- f) Official sealed transcript(s); and
- g) Vita or resume.

The special, non-renewable educator license is non-transferable between districts during the three (3) year period and will require an annual application process to verify progress towards meeting all certification requirements for a standard, five (5) year license. For example, if a candidate is employed one (1) year and wishes to transfer to another school district to teach, the license is not valid. If the educator is non-renewed by the district after the first year, the educator will not be issued a license for another district for the remaining two (2) years.

Additional endorsements may not be added to the special, non-renewable educator license. Additional endorsements will be added to the license once the candidate has met all certification requirements for a standard, five (5) year license.

The temporary and final action is necessary to implement the policy revisions for the 2016-2017 school year immediately upon its filing with the Secretary of State in accordance with Miss. Code Ann. § 25-43-3.113(2)(b)(ii) of the *Mississippi Code of 1972*, as amended. For a rule to become effective immediately upon its filing, the Board is required to make a finding that the rule only confers a benefit or removes a restriction on the public or some segment thereof.

This item references Goals 1, 2, 3, and 4 of the *Mississippi Board of Education 2016-2020 Strategic Plan*.

Proposed Criteria for Special, Non-renewable Educator License

The special, non-renewable educator license will allow candidates currently enrolled in or completing a standard or alternate route teacher education program to apply for a license, although the candidate has failed to meet all certification requirements under Miss. Code Ann. § 37-3-2(6)(a), (b), and (c), at the time the application is submitted. The special, non-renewable educator license will also provide local school districts with the option(s) of more qualified candidate(s) as a result of the ongoing teacher shortage in Mississippi. The special, non-renewable educator license will allow the candidate three (3) years to meet all certification requirements for a standard, five (5) year license.

A candidate shall meet the following criteria to be granted a special, non-renewable educator license:

- a) Minimum of a bachelor's degree in the area in which the license is requested;
- b) Documentation verifying the candidate is enrolled in or has completed a standard or alternate route teacher education program on or after January 1, 2014;
- c) Local District Request Packet submitted by the District;
- d) Letter of request and justification from the District;
- e) Completed licensure application;
- f) Official sealed transcript(s); and
- g) Vita or resume.

The special, non-renewable educator license is non-transferable between districts during the three (3) year period and will require an annual application process to verify progress towards meeting all certification requirements for a standard, five (5) year license. For example, if a candidate is employed one (1) year and wishes to transfer to another school district to teach, the license is not valid. If the educator is non-renewed by the district after the first year, the educator will not be issued a license for another district for the remaining two (2) years.

Additional endorsements may not be added to the special, non-renewable educator license. Additional endorsements will be added to the license once the candidate has met all certification requirements for a standard, five (5) year license.

Miss. Code Ann. § 37-3-2 (2012)

§ 37-3-2. Certification of teachers and administrators

(1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. Thereafter, all members shall be appointed for a term of four (4) years.

(3) The State Board of Education when making appointments shall designate a chairman. The commission shall meet at least once every two (2) months or more often if needed. Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff

members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(b) Recommend to the State Board of Education each year approval or disapproval of each educator preparation program in the state;

(d) Establish, subject to the approval of the State Board of Education, standards for the renewal of teacher licenses in all fields;

(e) Review and evaluate objective measures of teacher performance, such as test scores, which may form part of the licensure process, and to make recommendations for their use;

(f) Review all existing requirements for certification and licensure;

(j) Hire expert consultants with approval of the State Board of Education;

(k) Set up ad hoc committees to advise on specific areas; and

(l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education.

(6) (a) *Standard License -- Approved Program Route.* An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a

standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a bachelor of science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a bachelor of science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS);

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations; and

(iv) Any other document required by the State Board of Education.

(b) *Standard License -- Nontraditional Teaching Route.* Beginning January 1, 2004, an individual who has a passing score on the Praxis I Basic Skills and Praxis II Specialty Area Test in the requested area of endorsement may apply for the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

(i) The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to

be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

(ii) The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

(iii) Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

(iv) During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

(v) An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

(vi) Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License -- Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License -- Nontraditional Route which shall be valid for a five-year period and be renewable.

(vii) At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher

internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

(viii) The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License -- Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

A Standard License -- Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License -- Approved Program Route or Standard License -- Nontraditional Teaching Route over persons holding any other license.

(c) *Special License -- Expert Citizen.* In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a one-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License -- Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) *Special License -- Nonrenewable.* The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in subsection (6)(a), (b) or (c) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) *Nonlicensed Teaching Personnel.* A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) *Special License -- Transitional Bilingual Education.* Beginning July 1, 2003, the

commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) *Highly Qualified Teachers.* Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) *Administrator License.* The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) *Administrator License -- Nonpracticing.* Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) *Administrator License -- Entry Level.* Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License -- Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) *Standard Administrator License -- Career Level.* An administrator who has met all the requirements of the department for standard administrator licensure.

(d) *Administrator License -- Nontraditional Route.* The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) *Reciprocity.* (a) The department shall grant a standard license to any individual who possesses a valid standard license from another state and meets minimum Mississippi license requirements or equivalent requirements as determined by the State Board of Education.

(b) The department shall grant a nonrenewable special license to any individual who possesses a credential which is less than a standard license or certification from another state. Such special license shall be valid for the current school year plus one (1) additional school year to expire on June 30 of the second year, not to exceed a total period of twenty-four (24) months, during which time the applicant shall be required to complete the requirements for a standard license in Mississippi.

(9) *Renewal and Reinstatement of Licenses.* The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission of Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission or its subcommittee shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the committee or its subcommittee. An

appeal to the State Board of Education shall be on the record previously made before the commission or its subcommittee unless otherwise provided by rules and regulations adopted by the board. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the committee or its subcommittee. The decision of the State Board of Education shall be final.

(11) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(a) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(b) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(c) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(d) Revocation or suspension of an applicant's certificate or license by another state;

(e) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(f) Failing or refusing to furnish reasonable evidence of identification;

(g) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law; or

(h) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law.

(12) The State Board of Education, acting on the recommendation of the commission, may revoke or suspend any teacher or administrator license for specified periods of time for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law;

(e) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense, as defined by federal or state law;

(f) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(g) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(h) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(i) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) A person whose license has been suspended on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension, or after one-half (1/2) of the suspended time has lapsed, whichever is greater. A license suspended or revoked on the criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board

of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$ 200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public schools of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

CHAPTER 43. ADMINISTRATIVE PROCEDURES
ARTICLE 3. RULE-MAKING ADOPTION AND EFFECTIVENESS OF RULES

Miss. Code Ann. § 25-43-3.113 (2016)

§ 25-43-3.113. Effective date of rules

(1) Except to the extent subsection (2) or (3) of this section provides otherwise, each rule adopted after July 1, 2005, becomes effective thirty (30) days after its proper filing in the Office of the Secretary of State.

(2) (a) A rule becomes effective on a date later than that established by subsection (1) of this section if a later date is required by another statute or specified in the rule.

(b) A rule may become effective immediately upon its filing or on any subsequent date earlier than that established by subsection (1) of this section if the agency establishes such an effective date and finds that:

(i) It is required by Constitution, statute or court order;

(ii) The rule only confers a benefit or removes a restriction on the public or some segment thereof;

(iii) The rule only delays the effective date of another rule that is not yet effective; or

(iv) The earlier effective date is necessary because of imminent peril to the public health, safety or welfare.

(c) The finding and a brief statement of the reasons therefor required by paragraph (b) of this subsection must be made a part of the rule.
