- E. Approval to revise Miss. Admin. Code 7 – 4: Part 4: *Licensure Guidelines K-12 to adopt and establish a passing score for the Praxis Subject Assessments, Algebra I and Geometry and New Endorsement Codes, as recommended by the Ad Hoc Committee of the Commission on Teacher and Administrator Education, Certification and Licensure and Development*
(Has cleared the Administrative Procedures Act process without public comments)

Background Information: On November 1, 2019, the Commission on Teacher and Administrator Education, Certification and Licensure and Development (Licensure Commission) met in its regularly scheduled meeting and approved the recommendation received from an Ad Hoc Committee of the Licensure Commission to adopt and establish a qualifying passing score of 148 for the adoption of the *Praxis Subject Assessment, Algebra I* (Test Code 5162) and a qualifying passing score of 139 for the adoption of the *Praxis Subject Assessment, Geometry* (Test Code 5163) to be added to the Mississippi approved list of licensure assessments. A qualifying passing score from the Algebra I assessment will be used as one option for adding an Algebra I supplemental endorsement to a standard five (5) year or provisional alternate route three (3) year license. A qualifying passing score from the Geometry assessment will be used as one option for adding a Geometry supplemental endorsement to a standard five (5) year or provisional alternate route three (3) year license. In accordance with Mississippi Code Annotated §37-3-2, it is the purpose and duty of the commission to make recommendations to the State Board of Education regarding standards for the certification and licensure continuing professional development of those who teach.

The Algebra I test is designed to assess the mathematical knowledge and competencies necessary for a beginning Algebra I teacher. The Geometry test is designed to assess the mathematical knowledge and competencies necessary for a beginning Geometry teacher.

Recommendation: Approval
