For students that were in Net Membership at the end of Month 09 for the previous school year and do not return to a Mississippi public school in Month 01 of the next school year, the school will have to mark each student with the reason why they did not return.

Once all school districts have approved their month 1 data and have a "COMPLETED" status, a procedure will run to populate this screen. This procedure will be run as soon as all districts have approved their month 1 data. Each student on the screen will have to be updated with a reason for not returning to school for the new school year.

A Summer Activity report should then be run by the school and given to the School Attendance Officer.

The School Attendance Officer will determine the reason why each student is not in school and return the report to the school.

The school will then select a reason for each student on the Summer Activity screen. Once the selections are made, the School Attendance Officer will verify the data in MSIS. This process should be completed by Christmas break.
