Child Nutrition Annual Staff Developments & Trainings

The success of all National School Lunch Programs (NSLP), School Breakfast Programs (SBP) and Child and Adult Care Food Programs (CACFP) depends largely on the training of personnel. Managers and Food Service Administrators must have a complete understanding of their roles and responsibilities, through training and detailed instructions. The following trainings are required annually:

- **State Conference:** training session usually held in July of each year; School Food Service Administrators (SFSAs) and/or Program Managers are required to attend as part of their USDA Professional Standards. This training provides overall updates on USDA and Child Nutrition policies and procedures.
- **New Administrator Orientation (NAO):** is a required two-part training class for all NEW School Food Service Administrators (SFSAs), RCCI, Charter and Private School Administrators/Managers. *Part I* is usually held during the month of July and *Part II* is usually held during the month of September of each year. NAO prepares and trains new administrators on details of the school food service program. This training covers: Financial Management, Meal Patterns, Meal Counting and claiming, MARS & MAPS Systems, Procurement, and a variety of topics that are geared towards the success of New SFSAs.
- **DECIDE to Succeed: An Orientation for New Managers:** is a week-long training class for all NEW School District Program Managers (PMs). Usually held during the third (3rd) week of June in Jackson or surrounding areas. SFSAs are not required to attend; however, we strongly encourage them to attend. This training provides detailed and hands on information that Managers need to successfully operate the school cafeteria.
- **Program Managers Recertification:** is a one (1) day training course developed yearly as part of managers required USDA Professional Standards. Topics vary from year to year. *Note:* New Program Managers must attend DECIDE to Succeed before attending this recertification training.
- **Child and Adult Care Food Program (CACFP):** annual and monthly training sessions to update and train NEW and Returning CACFP sponsors on current trends, topics and Policies. Organizations included are:
 - Child Care
 - Head Start Programs
 - At Risk
 - Adult Care
