

SCHOOL IMPROVEMENT INTERVENTIONS AND STRATEGIES BY DISTRICT/SCHOOL

2024-2025
Original

MISSISSIPPI
DEPARTMENT OF
EDUCATION

The Every Student Succeeds Act (ESSA) requires that Districts/Schools spend 1003 School Improvement federal funds to support evidence-based interventions, strategies, and activities to positively affect student outcomes. The interventions, strategies, or practices funded by 1003 funds must meet the ESSA *defined levels of evidence* of **strong**, **moderate**, or **promising**.

In accordance with USDE reporting requirements, the Mississippi Department of Education has published a list of evidence-based interventions that have been selected to be funded and implemented in schools with the following identifications:

- Comprehensive Support and Improvement (**CSI**)
- Targeted Support and Improvement (**TSI**)
- Additional Targeted Support and Improvement (**ATSI**)

Below is a list of strategy categories that may be selected by each school within the 1003 plan and funding application located in the *Mississippi Comprehensive Application System (MCAPS)*. MCAPS is an online application system where grant applications and supporting resources are documented and stored.

1003 School Improvement Evidence-Based Intervention Strategy Categories
Early Childhood (Pre-K) Programs (ECP) - Interventions, strategies, or practices that are intended to support the implementation of early childhood learning practices or programs.
Evidence-Based Instructional Resources (EBIR) - Interventions, strategies, or practices that are intended for use in its various forms to improve or support instructional practices.
High Quality Instructional Materials (HQIM) – Interventions, strategies, or practices that are aligned with MDE High Quality Instructional Materials requirements.
Increased Learning Time (ILT) - Interventions, strategies, or practices that are intended to support an increase in the amount of time <i>beyond</i> the regular school day to improve or support instructional practices. This is instructional time outside of the regular school day.
Leadership (L) - Interventions, strategies, or practices that address the development of school leaders.
Ongoing, Job-Embedded, Professional Development (OJEPD) - Interventions, strategies, or practices that are intended to support the use of targeted professional learning that supports continuous improvement of instructional practices.
Other (O) ^(Note¹) - Interventions, strategies, or practices that are not aligned to the named categories intended to improve or support instructional practices.
Technology Integration (TI) - Interventions, strategies, or practices that are intended to support the use of technology in its various forms to improve or support instructional practices.

NOTE: The strategy categorized as “Other” indicates that the strategy was not aligned to one of the prepopulated strategy categories. It includes, but is not limited to, such strategies as instructional personnel, tutoring, or professional learning.

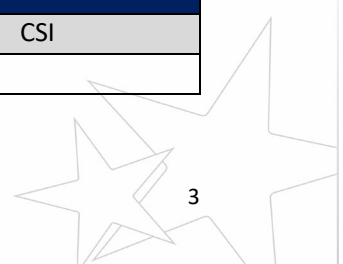

NOTE: Indirect Costs budgeted by SCHOOL are not reflected in this report.

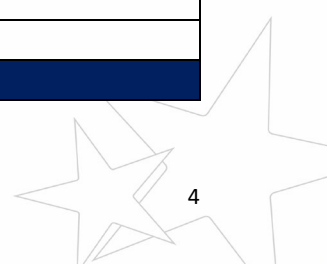

A total of 107 districts received 1003 allocations which were awarded to a total of 239 schools for the 2024-2025 school year. Below is the total number of schools for each school identification that received a 1003 allocation:

- 64 CSI Schools
- 73 TSI Schools
- 102 ATSI Schools
