The IDEA Part B State Application has been posted to the Mississippi Department of Education (MDE), Office of Special Education (OSE) website at <https://mdek12.org/specialeducation/ip/>. The proposed application was made available for public review 60 days and public comments were accepted for 30 days. No public comments were received. However, the MDE OSE continually conducts reviews and analyses of LEA data, stakeholder input (including the Special Education Advisory Panel), and common findings associated with general supervision monitoring activities, formal state complaints, and due process complaints to determine the appropriate use of funds. Additionally, the MDE OSE monitors SPP/APR data trends specifically regarding areas of disproportionality to identify areas of focus.

B. Significant Disproportionality

In accordance with 34 CFR § 300.647(b)(7), each State must report all risk ratio thresholds, minimum cell sizes, minimum n-sizes, standards for measuring reasonable progress if the State uses the “reasonable progress” flexibility in 34 CFR § 300.647(d)(2), and the rationales for each, to the Department. Under § 300.647(b)(7), rationales for minimum cell sizes that exceed 10 and minimum n-sizes that exceed 30 must include a detailed explanation of why the numbers chosen are reasonable and how they ensure that the State is appropriately analyzing and identifying LEAs with significant disproportionality based on race and ethnicity, in the identification, placement, or discipline of children with disabilities. Additionally, pursuant to the authority established in IDEA section 618(a)(3), each applicant must also provide the number of years of data it uses in making annual determinations of significant disproportionality. Each applicant must provide this information by completing and submitting the Significant Disproportionality Reporting Form.

All States completed and submitted the **Significant Disproportionality Reporting** Form with their FFY 2020 IDEA Part B application. After the initial submission of the Form, a State will only be required to submit the Form with any future annual IDEA Part B State applications if the State modifies its risk ratio thresholds, minimum cell sizes, minimum n-sizes, standards for measuring reasonable progress, and rationales for each, or the number of years of data used in making annual determinations of significant disproportionality.

If your State has revised its Significant Disproportionality procedures or has any questions regarding Section V.B. of the grant application, please contact your OSEP State Lead before the Application due date.

The Significant Disproportionality Reporting Form was last revised in FFY24/FY25. It is available on the MDE website at <https://mdek12.org/specialeducation/ip/>

**NOTICE TO ALL APPLICANTS:
EQUITY FOR STUDENTS, EDUCATORS, AND OTHER PROGRAM
BENEFICIARIES**

Section 427 of the General Education Provisions Act (GEPA) ([20 U.S.C. 1228a](#)) applies to applicants for grant awards under this program.

ALL APPLICANTS FOR NEW GRANT AWARDS MUST INCLUDE THE FOLLOWING INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

Please respond to the following requests for information:

1. Describe how your entity's existing mission, policies, or commitments ensure equitable access to, and equitable participation in, the proposed project or activity.

The Mississippi Department of Education's (MDE) vision is to create a world-class educational system that gives students the knowledge and skills to be successful in college and the workforce, and to flourish as parents and citizens. The MDE mission is to provide leadership through the development of policy and accountability systems so that all students are prepared to compete in the global community. To accomplish this mission, the MDE has established six strategic goals which are:

- 1) All students proficient and showing growth in all assessed areas,
- 2) Every student graduates from high school and is ready for college and career,
- 3) Every child has access to a high-quality early childhood program,
- 4) Every school has effective teachers and leaders,
- 5) Every community effectively uses a world-class data system to improve student outcomes, and
- 6) Every school and district is rated "C" or higher.

The MDE Office of Special Education's (OSE) vision and mission is synonymous with the state agency's vision and mission to specifically ensure equitable access and participation of students with disabilities and not create a separate system. The strategic goals specifically use the words ALL and EVERY to indicate the inherent value of each and every student regardless of race, ethnicity, disability, economic disadvantage, or other historically marginalized group. The project activities conducted by the MDE OSE with IDEA funds are designed to provide support for these strategic goals to ensure students with disabilities who may also be part of historically marginalized populations have equitable access to and benefit from services provided by the MDE OSE and local education agencies(LEAs).

2. Based on your proposed project or activity, what barriers may impede equitable access and participation of students, educators, or other beneficiaries?

- 1) Mississippi is a predominately rural area which may impede equitable access to and participation in activities included this project.
- 2) Mississippi is currently experiencing a widespread teacher shortage which negatively impacts equitable access and participation in project activities. Special education teachers are a significant subgroup of this teacher shortage.
- 3) Several schools have been identified as schools in need of Comprehensive Support and Improvement (CSI) for the students with disabilities (swd) subgroup. This identification may impede equitable access to high quality instruction for students with disabilities in identified schools.

Based on the barriers identified, what steps will you take to address such barriers to equitable access and participation in the proposed project or activity?

- 1) In order address the barriers to equitable access in a predominately rural state, the MDE OSE has engaged and will continue to engage in the following activities:
 - a. Training and supports for LEAs will be scheduled strategically across the state to provide geographic coverage and minimize travel for participants. These supports are provided through the Professional Development Coach (PDC) model which allows easy access for in-person training and support across the state.
 - b. Training and supports provided to parents and communities will continue, and will be scheduled strategically across the state to provide geographic coverage to minimize travel for participants. These supports are provided by PDCs and the Parent Engagement Team which allows easy access for in-person training and support across the state. The Parent Engagement Team will continue to host a parent conference to encourage parents to learn more about how they can support their children with disabilities as they progress through school and life. Additionally, the conference will support parent collaboration and connections to reduce isolation which is often the result of living in a rural community.
 - c. A Community of Practice for parents and communities statewide will be provided by the MDE OSE.
 - 2) In addition, Mississippi is currently experiencing a widespread teacher shortage which negatively impacts equitable access and participation in project activities.
 - a. The MDE OSE will continue to provide a special education teacher mentor to provide training and mentorship across the state to new special education teachers to build the capacity of the educator and minimize the likelihood of that teacher leaving the profession.
 - b. The MDE OSE will continue to provide a special education director mentor to LEAs with new special education directors. This mentor will provide leadership and guidance to build the capacity of LEA special education directors to attract and retain high-quality special education personnel.
 - c. The MDE OSE continues to provide easily accessible virtual technical assistance to LEAs to support the overall effectiveness of leadership to improve the retention of existing special education personnel.
 - 3) The MDE OSE will coordinate with the Mississippi Department of Education (MDE) and the Office of School Improvement to provide targeted supports to these CSI (swd) schools. These activities include, but are not limited to:
 - a. The MDE OSE has funded two contractual personnel to provide in-person leadership coaching to schools in CSI (swd). The focus will remain on three High Leverage Practices (HLPs) that have proven successful in improving outcomes for students with disabilities. Additionally, these personnel will focus on inclusive leadership practices for administrators. The target audience for these CoP are instructional staff and administrators within CSI (swd) schools.
3. What is your timeline, including targeted milestones, for addressing these identified barriers?
- 1) Requests for training for LEAs are already being received. This work was robust during the 2024-2025 school year and will continue during the 2025-2026 school year.
 - 2) The Parent Engagement Team has rebranded the parent conference as Family Engagement Symposium and will host this event in coordination with other MDE program offices in April 2025.

- 3) The MDE OSE will continue to support the efforts of the special education teacher mentoring program.
- 4) The MDE OSE will continue to support the efforts of special education director mentoring program.
- 5) Virtual Technical Assistance and PDC supports are offered upon request year round.
- 6) Coordinated efforts between MDE OSE and MDE OSI will continue in subsequent years.
