REVIEW Post Secondary Outcomes

Child Count

Students must have an **active IEP or Service Plan on December 1** to be included in the Child Count, even though the submission window runs until December 10.

If a student was ruled eligible on December 2, they cannot be included in the Child Count.

To be included on Child Count Roster, students enrolled in must have:

- ***appropriate* grade level**
- ***appropriate* LRE for their age**
- **all of the required data**

To be included on Child Count Roster, students must have the following required data:

Demographic Data

- Birthdate
- Gender
- Race
- Special Education Student Indicator (Yes)
- English Learner Student Indicator (Yes or No)
- Economically Disadvantaged Student Indicator (Yes or No, comes from Free/Reduced Lunch status)

To be included on Child Count Roster, students must have the following required data:

IEP Data

- Disability
- LRE (age appropriate)
- SCD Indicator (Yes or No)

To be included on Child Count Roster, students must have the following required data:

IEP and Enrollment must be active on December 1

- IEP Date on or before December 1
- IEP End date must not be before December 1
- Enrollment (entry) date on or before December 1
- Enrollment dates do not apply to School 500 students

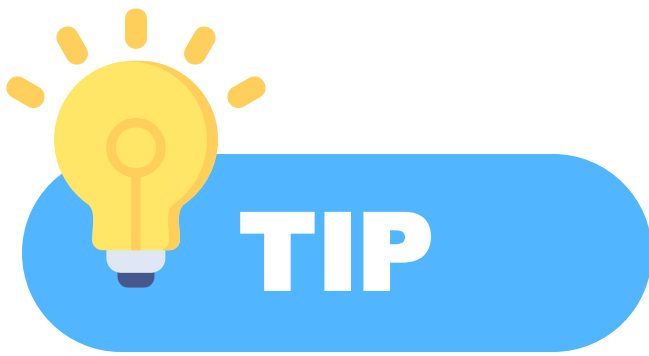

To be included on Child Count Roster, students must have the following required data:

Age and Grade Level

- Age is “Age as of December 1”
- Ages 3-21 are included in Child Count
- If age is 4 or under, the grade level must be PK or IT
- Grade 13**

****Students with an IEP enrolled in an LEA have the right to a free and appropriate public education through age 21 even if they earn a certificate of completion or alternate diploma prior to turning 21.**

- The only exception to this is a student with an IEP that earns a traditional diploma prior to age 21. A traditional diploma is considered a “terminal” diploma and a student that earns a traditional diploma would not continue to be eligible for special education services.
- **Students with an IEP should only be placed in Grade 13 if they have exited with a certificate of completion or an alternate diploma. Once one of those exit options has been marked, and if the student plans to return to the LEA and continue services through age 21, they will be placed in Grade 13.**
- Students with an IEP that have not received a certificate of completion or an alternate diploma at the end of Grade 12, but plan on returning through age 21, will be considered “retained” and will be placed in Grade 12 for the upcoming school year. These students will remain in Grade 12 until they have earned a certificate of completion or alternate diploma.

To be included on Child Count Roster, students must have the following required data:

Age and LRE

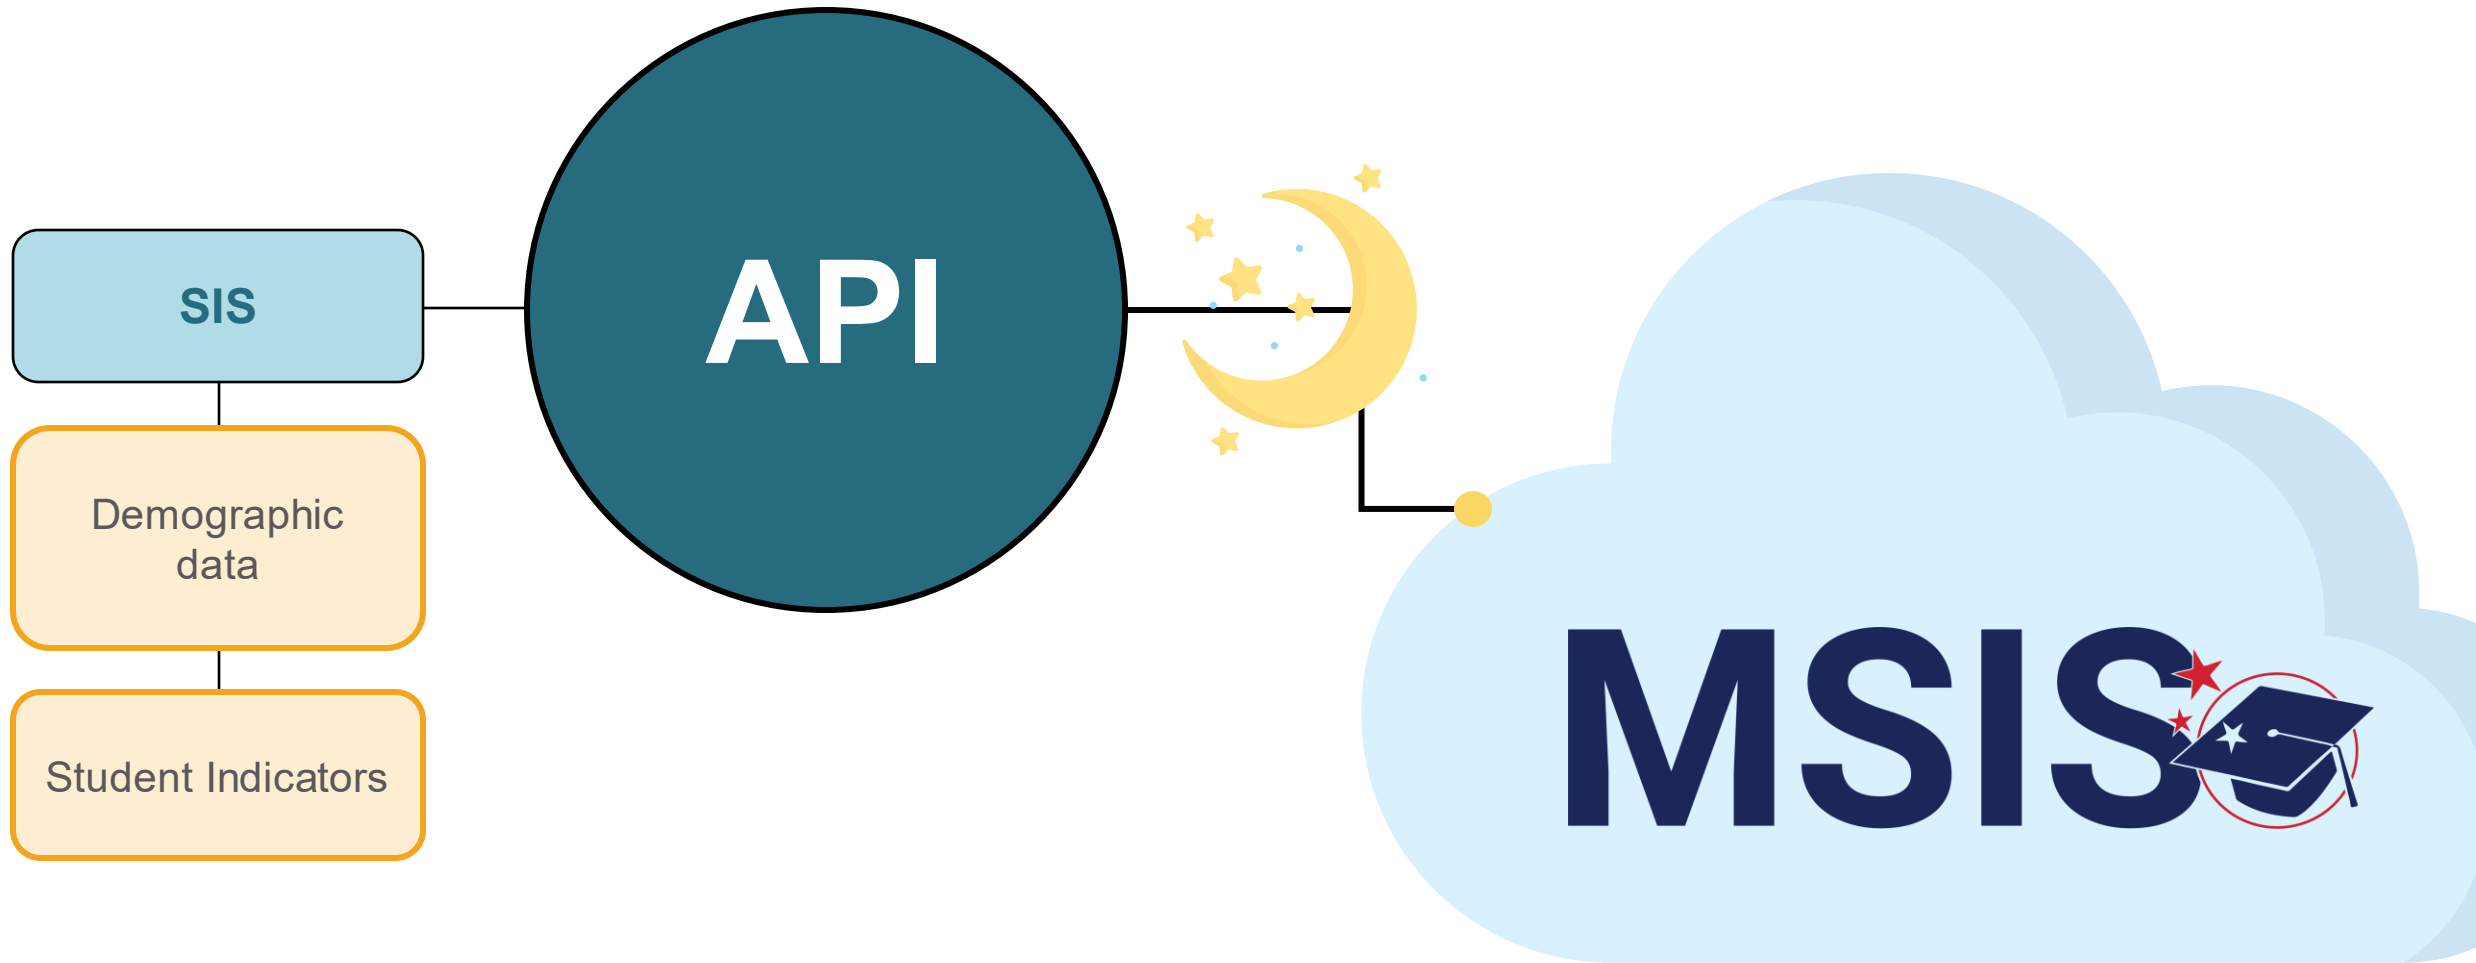

- Students 4 or under: Early Childhood LRE
- Students 6 or over: School Aged LRE
- Students age 5:
 - If in KG or above, must have a School Aged LRE
 - If in PK/IT, must have an Early Childhood LRE

Students enrolled in School 500 do not "count" in a district's ADA or Accountability measures.

Which students should be entered on the Non-Public student Screen (enrolled in School 500)?

PreK students NOT enrolled at your schools but are receiving Special Education Services. (Ex: HeadStart, Private PreK, etc.)

Students parentally placed in a Private School and are receiving services through Proportionate Share.

**School 500 students
will not “roll” in MSIS from
year to year.**

**They must be
re-entered each school year.**

The Child Count Report will be updated nightly until December 10.

On December 10, the report will freeze,
and these data will be shared with the Office of
Special Education.

Student Roster Report

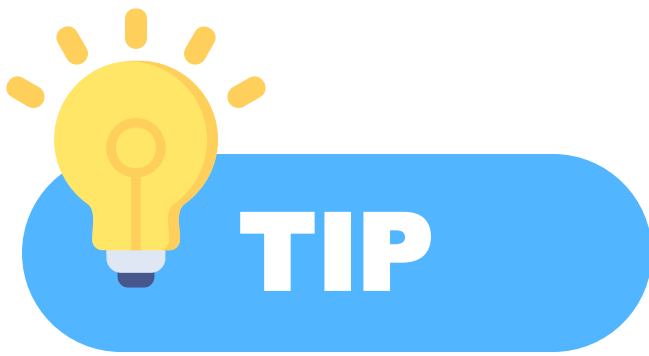

Displays special education students in the district, including their enrolled school, IEP school, disability, least restrictive environment (LRE), and severe cognitive disability (SCD) indicator.

Data Impact

- MSFF/other funding
- Special Education
- Accountability
- Assessment Rosters
- Good Cause Exemption

Data Source

Special Education package (API nightly)
File Upload (monthly as needed)

The Student Roster Report can be considered the “live” Child Count Report. Students can populate the report with missing special education data.

- Students will **NOT** populate the Child Count report until all required data has been provided and the student qualifies for the Special Education count.

The image illustrates the steps to export data from a table. On the left, a table is shown with the following data:

Service Status	Year
Served	2

A menu is open over the table, listing the following options:

- Export data
- Show as a table
- Spotlight
- Get insights
- Sort descending
- Sort ascending
- Sort by

The 'Export data' option is selected, leading to a dialog box titled 'Which data do you want to export?'. The dialog provides instructions: 'Export your data in the format that suits your needs. If you have a lot of data, the number of rows you export might be limited depending on the file type you select. [Learn more about exporting data](#)'.

Three export options are available:

- Data with current layout** (Selected): Export this data in the same layout you see now, but without any icons, colors, or other formatting you added.
- Summarized data**: Export the summarized data used to create your visual (for example, sums, averages, and medians).
- Underlying data**: Visual does not have aggregates or measures.

The 'File format' is set to '.xlsx (Excel 150,000-row max)'. At the bottom right, the 'Export' button is highlighted.

File will save as an Excel spreadsheet

Rows are prepopulated with information from the SIS Package.

District staff complete remaining fields and upload entire file to MSIS

DO NOT EDIT THESE CELLS!

If the data is incorrect, it should be changed in the SIS and wait until the report is refreshed in MSIS the next day.

STEP

Enter additional information on the spreadsheet.

Review the following slides for guidelines on completing the spreadsheet.

LEA Id

If the data is
incorrect, it
should be
updated in the
SIS. After the
report has
updated, you can
redownload and
add remaining
information.

MSIS Post Secondary Outcomes Mapping

Legacy Code	MSIS Code	Definition
Enrolled in higher education	1001	Higher education within one year
Competitive Employment	1002	Competitively employed within one year
Enrolled in other postsecondary education or training	1003	Other postsecondary education or training within one year
Some other employment	1004	Other employment within one year
Not Engaged	9998	Not engaged Part B outcomes
Deceased Re-enrolled in secondary	9999	Other
Unknown	9997	Unknown

To determine a student's Post Secondary Outcome, follow this hierarchy by answering these questions in order:

1. Is the student deceased or re-enrolled in secondary school?
Yes – Code as 9999 **[Stop]**
No – Continue
2. Did the student or family respond to the survey?
Yes – Continue
No – Code as 9997 **[Stop]**
